

GROUP LIABILITY INSURANCE PLAN FOR PROFESSIONAL MEMBERS OF THE CANADIAN SOCIETY OF HOMEOPATHS (CSH)

Canadian Society of Homeopaths Introduces NEW & ENHANCED Liability Insurance for Members in Canada

Good liability insurance coverage is one of the best investments that any professional health care provider can make. Complete coverage backed by a reputable insurance company will safeguard the investment you have made in your practice and protect your personal finances. As a responsible professional, you owe the public the security of providing appropriate insurance should a claim arise against you or your business.

Anyone dealing with the public is exposed to risk, whether that be from claims of negligence (*both justified and non-justified*) or from claims of physical injury. Homeopaths in particular need to protect themselves against frivolous suits and other liability exposures associated with their practice. This is especially so in these increasingly litigious times, when plaintiffs can initiate lawsuits with no upfront costs, represented by lawyers who are compensated on a contingency fee basis.

The Canadian Society of Homeopaths has provided our members with optional professional liability insurance since our inception in 2006. **Starting January 1, 2014, we are pleased to introduce a new and enhanced professional liability package with annual premiums starting at \$150.** This new group plan provides broad coverage that includes your homeopathic services; home visits; in-person and online instruction; and provides unique coverage for defence costs in addition to the coverage limit (*a significant enhancement*). Optional commercial general insurance is available to cover claims against third-party bodily injury and property damages relating to your practice. Also, additional coverage is available for incidental treatments in aromatherapy, Bowen therapy, EFT, and herbalism/herbology.

Our insurance broker is LMS PROLINK Ltd. They are an independent and wholly Canadian firm that have been providing unique insurance and risk management solutions to professionals for over 30 years (*including other types of business/tenant, life/group benefits, home, and auto insurance*). They have demonstrated superior service and a willingness to create a flexible package that can be initiated online at any time.

Our account manager for liability insurance is Fern Kako. She can be reached toll free at **1-800-663-6828 (extension 7728)** or by e-mail at **FernK@LMS.ca**. We invite all our registered and associate members to investigate the benefits of our professional liability insurance package and to contact the professional CSH Account Manager to clarify the features of the program as well as apply for coverage.
